**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a customer of Sonic.net which has provided excellent service for my telephone and computer needs. It is a local company and I am so pleased with their efficiency and their prompt response to any questions or concerns I might have. They have fiber optic connections and my internet is much faster and better than anything I have had before.

I have used both Comcast and AT&T in the past but their escalating costs, hidden fees, poor service and delays in responding to my needs caused me to seek out this local provider with whom I am quite happy.

I am tired of companies becoming monopolies and thus controlling the market and the needs of the consumer. Please continue to allow competition among telecommunication companies, it is extremely important that a few big companies do not push out other companies who provide excellent service.

Thank you,

Connie Kellogg
